Special thanks to all the businesses and organizations that participated in the 3rd annual Track or Treat event on October 21! COMMUNITY HEART & SOUL
SMALL TOWN DREAMS

Next time you stop by City Hall, take a moment to check out the value statements and Community Heart & Soul plaque hanging between the reception windows. They reflect what matters to our community and the ideas guiding our work together.

NORTHEAST IOWA COMMUNITY COLLEGE

Did you know the NICC Outdoor Learning Lab is the largest green space in Peosta? The Outdoor Learning Lab features 42 acres of restored Northeast Iowa habitats, including a forest with towering oak, walnut and hickory trees; an oak savanna with trees scattered among tall grasses; two prairies with grasses and flowers; and wetlands with upper andlower ponds.

Trails wind through the habitats and can be accessed from the Northeast Iowa Community College (NICC) south parking lot or behind the batting cage at the Peosta baseball fields. The trails are open to the public, including pets, as well as the college community.

We encourage everyone to explore this beautiful natural resource throughout the year and experience the changes in each habitat with the seasons. Information about the Outdoor Learning Lab is posted in the pavilion and on our website. Please scan the QR code at the trail entrance to help us track trail use and share feedback and photos from your visit.
