Explanation of significant increases in the budget:

These proposed numbers represent the maximum dollars that may be levied by the city in each of these line items, not the actual dollars. Total dollars levied, including debt service, and the proposed levy rate will be published on the budget hearing notice in March. Any increase in budget expenditures are the result of Peosta's rapid growth, additional infrastructure maintenance and the commitment to augmented service delivery.

If applicable, the above notice also available online at:

-

*Total city tax rate will also include voted general fund levy, debt service levy, and capital improvement reserve levy.

**Budget year effective property tax rate is the rate that would be assessed for these levies if the dollars requested is not changed in the coming budget year
